Summary of Philo Village Ordinance Requirements for Fences
around Swim Pools from May 18, 2005 Ordinance

- (i) Fences are required around outdoor swimming pool and such fences shall be minimum of 4 feet in height, except as herein provided, shall be made of chain line or other acceptable material adequate to reasonably safeguard said swimming pool from unauthorized entry.
- (ii) Locking or latching gates are also required to all outdoor swimming pool.
- (iii) These requirements is section 7.205(c) (4) apply to all in-ground pool having the capacity to hold water at a depth of 30 inches or more at any location in the pool, and to above-ground pool having the capacity to hold water at a depth of 30 inches or more at any location in the pool.
- (iv) For in-ground pool, the fence must be at least 4 feet in height measured from the ground.
- (v) For above ground pool to which this ordinance applies, i.e., above ground pool with a depth capacity of 30 inches or more, the required fence may include the pool exterior wall if it is adequate to safeguard the pool from unauthorized entry, but there must be, in any such case where the exterior wall serves as part of the fence required by this ordinance, an additional fence extending above the exterior pool wall by at least 2 feet in such a manner as to safeguard the pool from unauthorized entry, including a safety locking mechanism for any ladder to the pool.
- (vi) Construction of an above-ground fenced pool (pool with a depth capacity of 30 inches or more), or construction of a required fence for such above-ground pool, shall require a pool permit under section 11.201 of this 1995 Zoning Ordinance of Village Of Philo, Illinois.
